

Sound absorption characteristics for 28 mm panel

TWISTER

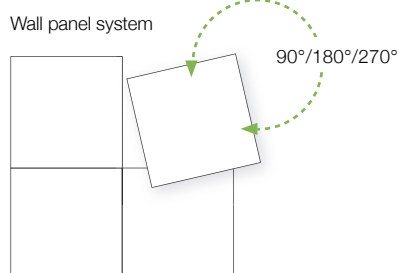

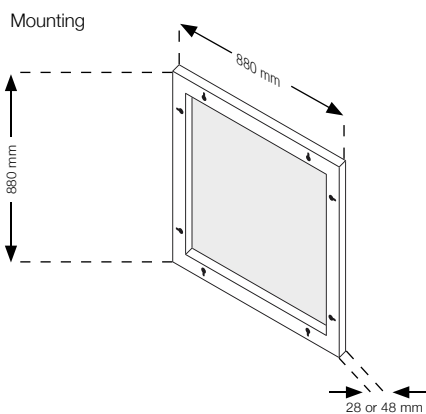

Acoustic wall panel system

Twister by Vvorks

Acoustic beauty – based on environmental friendly materials.

Twister is a selection from the series of handcrafted acoustic absorbing wall panels and room dividers. Their acoustic qualities make them ideal for spaces with acoustic challenges.

Twister is a dual coloured felt relief module that can be rotated from a 90° set-point and arranged subjectively to create various unique patterns. There are a variety of Twister patterns and colour combinations to choose from.

Size

Width: 880 mm
Height: 880 mm
Thickness: 28 / 48 mm
Weight: 3,7 / 4,2 kg

Material

Foreground: 5 mm 100 % wool felt
